Know Before you Go:

- Arrive at the theater 15 to 20 minutes before show time. Allow extra time for Broward County traffic. We are unable to start a show late.
- Please stay on the bus until greeted by a SEAS usher. At that time, please give the usher your BUS document and the usher will escort you to the theater.
- Remember to watch our Know Before You Go Video:

Sensory Experience Ratings:

Below are some ratings to help students prepare for the experience.

A rating of 1 represents a small amount and a rating of 5 represents a large amount.

- Potentially Anxious Moments: 2
- Scarieness: 2
- Theatrical Effects: 1

Dear **TEACHER**,

We are excited to present this Curriculum Connection (Study Guide) as a valuable resource to support your teaching journey. This guide has been carefully designed to offer engaging and meaningful activities for use in your classroom before and after seeing a S.E.A.S. performance at The Broward Center's Amaturo Theater, The Parker, or Miniaci at NSU. Each section is structured to make it easier for you to integrate cross-curricular connections, providing a seamless experience for students to deepen their understanding while exploring the creative process.

The activities and lessons in this guide have been intentionally crafted to complement Florida's B.E.S.T. standards. By utilizing these resources, you will be able to foster a dynamic and creative learning environment while ensuring students meet key academic goals. We encourage you to adapt the materials to best fit your classroom's needs and objectives, empowering students to think critically and creatively across all disciplines.

We want to take a moment to express our sincere appreciation for the passion and dedication you bring to your classrooms every day. Your commitment to infusing art-full moments into education not only enriches your students' learning experiences but also ignites their curiosity and creativity. Thank you for inspiring the next generation of thinkers, creators, and innovators. We are truly grateful for the impact you have on your students' lives. Consider joining the Teacher's Lounge (QR code below) to be notified of special events and discounts just for Teachers.

Don't forget to distribute your S.E.A.S. stickers when you return to school (after the trip) and share the magic that is Student Enrichment Through the Arts!

Theater Etiquette

There is so much that goes into creating a show for the stage. Behind the scenes, there are people who control the lights and the sound, the sets and the props. There are directors, writers, producers, musicians, and choreographers. So many people work together to create the performance you and everyone in the audience watches.

It is helpful to remind students of appropriate audience etiquette by explaining and discussing WHY these rules of behavior are important:

- Restroom visits are best made prior to the performance.
- Listen carefully to the ushers and your teachers. This gets everyone to your seats quickly and ensures a pleasant experience.
- Turn watches and cell phones to silent.
- Walk single file, hold hand rails as you use the steps for your safety.
- Listen carefully to each performer. They are working hard to entertain and inform with lots of clues about the story.
- Refrain from TALKING. This allows everyone to enjoy the show without distraction. Sometimes we think that if we whisper it is okay. But, if everyone in the audience whispers, it becomes disruptive.
- Laugh if something is funny, but not too loudly, you don't want to miss any dialogue.
- Photography and recording are not permitted.
- Pay attention to the lighting, scenery, costumes and music. All of these elements help provide more details to tell the story in an interesting way.
- Applaud (clap) and laugh at the right moments. This shows the performers that you respect and appreciate their work.

The Ocean's Got Talent

Synopsis

Octopus performs an incredible vanishing act. Mantis Shrimp delivers the fastest punch in the ocean. Angler Fish steals the spotlight with a glowing personality.

But, can **Seymour the Sea Slug** discover his own hidden talent before the big finale?

Filled with puppetry, special effect lighting, comedy, music, fascinating ocean facts, and nonstop audience participation, this splashy interactive adventure is where science meets storytelling as audiences dive into the strange and amazing world of ocean creatures.

THE PARTS OF A STAGE

A proscenium stage is a traditional theatre configuration where the audience views the performance through a "picture frame" arch, separating the stage from the seating area.

- Stage Left and Stage Right are named from the actor's point of view while facing the audience, **not** from the audience's view.
- Upstage means the back of the stage, and downstage means the front. These terms come from old stages that were sloped upward toward the back.
- Wings are the areas on the sides of the stage where actors wait to enter and where scenery and props are kept out of the audience's sight.

THE PARTS OF A STAGE FOUR CORNERS GAME

Adapt Four Corners with you as the **DIRECTOR**. Start at center stage, close your eyes and count to 10. Students move to a part of the room. Call out a stage direction. Students in that section are “out” and become part of the “house” to watch the rest of the game until there is a winner!

Post Show Cooperative Learning Opportunities

(Group Work Ideas for Teachers)

1. Group Reflection Circle

Sit together and share your favorite moments, characters, or songs from the performance. Encourage everyone to explain why they liked those parts.

This builds listening skills and helps everyone appreciate different perspectives.

2. Create a Mini Review Together

Work as a team to write a short review of the show.

Assign roles: one person writes, another edits, others brainstorm key points.

You can post it on social media or keep it in a class journal.

3. Reenact a Scene

Pick a favorite scene and act it out as a group.

Add your own twist—maybe change the setting or improvise new dialogue.

This sparks creativity and teamwork.

4. Design a Poster or Program

Collaborate to create a poster or program for the performance you saw.

Include drawings, quotes, and fun facts.

This is great for artistic expression and memory keeping.

5. Plan a "Behind the Scenes" Discussion

Research how the performance was made (costumes, music, choreography).

Assign each group member a topic to present.

This turns curiosity into a cooperative learning activity.

K-5 Student to Family Cooperative Activity Ideas:

- Create a home theater space: Dedicate a specific area in your home as a temporary theater space. It can be anywhere with a little bit of space to "put on a show". Create a cozy ambiance with lighting and comfortable seating.
- Create tickets and programs: Design and print them at home or even hand made. Deliver the tickets to family members, and the programs can include information about the performance, cast, and crew. This adds a touch of authenticity and excitement.
- Snack bar and concessions: Set up a snack bar or concessions stand with a variety of treats and refreshments. You can even create special themed snacks related to the performance you are watching.
- Interactive viewing experience: Encourage audience participation during the performance. For example, during a musical, you can sing along to the songs and clap during applause-worthy moments!
- Post-show discussions: After the performance, have a family discussion about the show. Share your thoughts, favorite moments, and discuss the themes or lessons portrayed. This can foster critical thinking and encourage creativity in your kids.
- **Remember, the goal is to create a memorable and immersive experience. Adapt these ideas based on your family's preferences and the resources available to you. The key is to have fun and enjoy the theater experience in your digs!**

Additional Activity Ideas:

- Memory jars: Create a memory jar with your children. Write down favorite childhood memories on small pieces of paper and put them in a jar. Each week or month, take turns pulling out a memory and sharing it. This can spark conversations and lead to further discussions about your childhood experiences, and theirs too!
- Bedtime stories: Instead of reading traditional bedtime stories, take turns sharing personal stories from your childhood. These could be tales of adventure, funny incidents, or heartwarming experiences. This can create a strong bond between you and your children as you share personal narratives.
- Encourage your kids to create their own journals or scrapbooks to document their childhood memories. Take the opportunity to share your childhood stories as you help them with their own projects. You can even contribute by adding some of your own stories or mementos to their journals.
- What was your favorite song, band or genre growing up? Play a few songs for your child/children and let them play a few of their favorites for you!
- Create traditions with your child/children!: Establish special rituals or traditions that you can share. It could be a weekly movie night, cooking together on weekends, going for a walk after dinner, or singing at the top of your lungs before bedtime.

Standards Alignment: The activities in this guide are aligned with the standards listed below. When teachers incorporate the arts, they increase student engagement, offer multiple points for students to access the curriculum, and provide alternate means for students to demonstrate what they know.
